The purpose of the Phi Club is to propagate critical thinking skills in the community and campus environment and to promote an active voice for fellow lovers of wisdom. DOP: 2/9/2011

The Philosophy Club Presents:

Dr. David McCarty
Indiana University Bloomington

“Incompleteness & Undecidability: An Introduction”

Gentle introductions to the theorem of Gödel on the incompleteness of formal theories and to that of Turing on the undecidability of the halting problem. Discussions on the consequences of the theorems for philosophy and foundations of mathematics will follow.

Friday 2/11/2011
Old Crown Coffee Roasters
5:30 – 7:00pm
