

PI Math Club  
is pleased to present a talk by

**Dr. Lowell Beineke**

Schrey Professor of Mathematics  
IPFW Department of Mathematical Sciences

## “Through the Lurking Graphs”

Lurking behind many a game and puzzle is a graph. In this talk, we will look at a few of these, starting with some of the A-B-Cs of the subject, such as Asteroid, Bridg-It, and the Curious Coins. We may even go a little deeper with Dots-and-Boxes and Devious Dice.

**Wednesday, November 14**

at noon

in KT 220

**Free pizza and pop following the talk!**

Open to all interested students.
