

PI Math Club  
And Pi Mu Epsilon  
are pleased to present

a talk by Robin J. Wilson  
Emeritus Professor  
Open University - England

## Leonard Euler 300 Years On

Euler was the most prolific mathematician of all time – but what did he do? In this talk Dr. Wilson will survey Euler's life, and outline some of the contributions he made to the many areas in which he worked – from the very pure to the very applied.

***Read Euler, read Euler, he is the master of us all.***  
**(Laplace)**

Wednesday, October 1, starting at noon

Pizza and soft drinks will be provided.

KT 216

Open to all interested students.
