

PI Math Club
is pleased to present a talk by

Dr. Dan Coroian

IPFW Department of Mathematical Sciences

The title of his talk is

“Brahe, Kepler, Newton and the Laws of Planetary Motion”

Dr. Coroian will present a short biography of Tycho Brahe and Johannes Kepler, the story behind the discovery of Kepler's three laws, and the proofs made possible by Newton's publication of Principia.

Wednesday, March 30

at noon

in KT 216

Free pizza and pop following the talk!

Open to all interested students.
